FULL STACK WEB DEVELOPER

Full Stack Web developer with experience as an IT Support Analyst that gave me experience working with clients which can be used as a benefit to develop a web design that meets client requirements. Recently earned a certificate in Full Stack Development from UNC Charlotte, with the newly developed skills in HTML, CSS, JavaScript / jQuery, API / Ajax Node and Express JS, MySQL and Sequelize ORM. Known as a team player and problem-solver with interest in designing interactive websites that makes it easy for the user to interact with. Excited to work in a fast-paced environment where I can develop my skills and work as a part of quality-driven team to develop a more user-friendly and attractive websites.

TECHNICAL SKILLS

- HTML
- CSS / Bootstrap
- JavaScript / jQuery
- REST APIs and AJAX
- NodeJS and Express JS
- Sequelize ORM
- MySQL
- GitHub and Heroku
- Socket IO
- Client Interaction
